

EUROFIN ASIA INTEGRATES ESG FACTORS IN ITS SELECTION PROCESS

1st July 2014:

EuroFin Asia Group (EFA) is pleased to announce that we are integrating Environmental, social and governance (ESG) factors into our investment analysis and decision making from July 1st.

The implementation of ESG factors into our portfolio construction & investment strategy will then help us measure the sustainability and ethical impact of our borrowers.

EFA understands the importance of embracing sustainability factors as a mean to identify companies with superior business models and therefore, a driver to its growth.
